

Bea-fon S700

Base / Desktop charger included

Let's go outside!

We are proud to present the first elderly phone that combines GSM with DECT. Take your home phone with you to the supermarket. You only have to get used to handling one phone and even the SOS button is present in this unique device.

We have created the easiness of one phone and the luxury of two networks, fixed and mobile! At home this phone communicates via the fixed network, when it is outside the range of the base it switches to the GSM network.

For extra safety the S700 has also the SOS button and is hearing aid compatible.

Its timeless and stylish design will make this handset a classic!

Features S700

-  SOS button
-  **Hearing Aid Compatible M3/T3**
-  Big buttons
-  Key lock button
-  Up to 200 numbers in phonebook
-  Polyphonic ringtone
-  Built in flashlight
-  SMS send and receive
-  Calculator
-  TFT Colour display
-  Handsfree
-  Vibrating alarm
-  Bluetooth

And many more...
